## Carolyn Sellers Weds J. D. Cochran

Miss Mary Carolyn Sellers, niece of Mr. and Mrs. James W. Vann, became the bride of John D. Cochran, son of Eugene F. Cochran and the late Mrs. Cochran of Wasilla, Alaska, in a double-ring ceremony, solemnized at the home of the bride's aunt and uncle in Pahokee, Sunday afternoon, September 6, at 5 p. m.

The Rev. John A. Briley, pastor of the First Methodist Church in Pahokee, officiated.

The vows were spoken before an improvised altar banked with palms and an arch entwined with fern, white gladioli and pom-poms. Tapers in floor candelabra shed a soft light over the nuptial scene.

Miss Alice Elaine Hurt and Miss Twila Vann Mulkey of Tavernier, cousin of the bride, presented the wedding music. Miss Mulkey sang "Ah! Sweet Mystery of Life" and "I Love You Truly."

The bride, given in marriage by her uncle, wore a ballerina dress of Chantilly lace. The bodice featured a Sabrina neckline and wrist point sleeves. The back of her full skirt had three tiers of matching lace. The illusion veil fell from a crown of matching lace, pear and crystals. The bride's bouquet was a petite arrangement of phalaenopsis orchids and frenched carnations. Her only ornament was a single strand of pearls. For "something old" she carried the wedding handkerchief of her great grandmother, which had also been carried by her aunt, Mrs. Vann, at her wedding.

Miss Selena Ann Mulkey of Tavernier, cousin of the bride, was maid of honor. She wore a ballerina length dress of Duchess of Windsor blue organza over taffeta with fitted long-sleeved lace jacket and full skirt. Her matching headpiece was of leaves on a bandeau of net. She carried a cascade bouquet of white carnations and blue streamers.

Little Miss Susan Johnson, flower girl, wore a dainty dress of white with matching headpiece. She carried a basket of rose petals.

The bridegroom was attended by M. H. Mulkey, Jr., of Tavernier as best man.

Mrs. Vann chose for her niece's wedding a sheath aqua imported silk dress and a corsage of yellow tea roses.

A reception was held immediately following the ceremony. The home was decorated throughout with white flowers. The bride's table was covered with a lace cloth. White flowers in the center were flanked on either side by three branched candelabra. A three-tiered wedding cake on a mirror was placed at one end of the table and punch was served from a cut glass punch bowl at the other end. Cake was served by Mrs. M. H. Mulkey, Jr., of Tavernier, aunt of the bride, while Mrs. Ray Smith poured punch. Mrs. E. D. Sims presided at the register.

## Baby Sperm Whale At The Seaquarium

MIAMI—A one-ton 20-foot baby sperm whale named Peanut is living at the Miami Seaquarium. It is the first sperm whale ever to be in residence at any aquarium in the world.

Peanut was captured by three Coast Guardsmen, Nick Faulman, Larry Tindall and Walter Vollmer, in the sea off Lake Worth inlet, 70 miles north of Miami. They called the Seaquarium, and the collecting boat steamed to the scene immediately. Peanut was lifted into the vessel's huge live well by crane, and Capt. Emil Hanson brought his precious cargo down the inland waterway in order not to jounce her.

It all began when fishermen reported to the Coast Guard station on Peanut Island in Lake inlet that they had spotted a sea cow. A Coast Guard boat was dispatched to the scene, and they found it was actually a whale.

Two Coast Guardsmen jumped aboard and got a rope around her tail. They climbed back in the boat and the whale went in the opposite direction. They had a struggle getting her to Peanut Island where they tied a rope to the piling.

Burton Clark, general manager of the Seaquarium, says he will enlarge the pool as Peanut grows if she lives, as female sperm whales grow to about 30 feet in length. But she may be a sucking baby who lost her mother and the formula for whale's milk is not known.

Rev. Leo Hughes of Brantley, Ala., was the weekend guest of his mother, Mrs. Jessie Hughes.

 The subject of the Bible Lesson is "Substance," and the Golden Text is from Galatians 3: "They which be of faith are blessed with faithful Abraham."  
 Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include a description of Abraham as an example of "Fidelity; faith in the divine Life and in the eternal Principle of being. This patriarch illustrated the purpose of Love to create trust in good, and showed the life-preserving power of spiritual understanding." (p. 579).

Let Your Money Earn 4½% Payable Semi-Annually

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{3}{4}\%$  for the first year and a half; then a guaranteed 4% each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1963.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic 10-year extension makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest-egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you want automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and endurance. And money saved by individuals helps keep our economy sound.
